Dear Sir:--

We have had frequent calls for \$1.00 gold coins. Some time ago, if you remember, we wrote to you asking whether or not you had a supply. We made the same inquiry at the mint in San Francisco, and as was expected, was informed that they had none. If we should furnish the gold bullion would you coin for us \$5,000.00 to \$10,000.00 of gold coins of the denomination of \$1.00?

Your early attention will oblige,

Very respectfully yours,

Chas. H. V. Lewis
